(a) whether the prices of rubber are very high at present and if so, what are the reasons therefor; and

(b) what steps have been taken to reduce the prices?

THE MINISTER OF COMMERCE AND TOURISM (SHRI ARUN KUMAR NEHRU): (a) and (b) During the loan production months the prices of indigenous rubber tend to go up and then with the improved supplies these get stabilised. The Government is taking all possible steps to contain the prices by resorting to adequate imports and timing their releases. Exemption orders for reducing import duty are also obtained as and when necessay.
